You have a choice for 2007!

Good news! Starting January 1, 2007, you can get your Medicaid medical care through Community Health Plan. We will enroll you in this Healthy Options managed care health plan.

If this option is OK, you do not have to do anything. Or, you can choose to continue getting your medical care fee-for-service by calling 1-800-562-3022 and letting us know.

In about a week, we will send you a book with more information about your medical care choices. It will tell you about the difference between managed care and fee-for-service.

If you have any questions, please call **1-800-562-3022**

Monday through Friday 7:00 a.m. to 6:00 p.m.

TTY/TTD users call 711 or 1-800-848-5429
